

OUT FOR A WALK OR BIKE RIDE?

Here's how you can help wildlife
in the North York Moors National Park

Please stick to rights of way,
and take your litter home with you

Tread carefully – paths, grass verges,
even car parks, might now harbour
ground-nesting birds and baby mammals

Keep your dog on a lead to protect wildlife
and grazing sheep

And please report anything that might
harm our wildlife - call 101 and ask that
details are passed to a Wildlife Crime Officer

**STAY APART.
ACT RESPONSIBLY.
SAVE LIVES.**
